Profile Home Page

Profile pages can be reached using My Profile menu or by clicking on Member Name link. Member Profile consists of three subPages:

- Profile home
- Account
- Activity
- Subscriptions

The screenshot shows a user profile for 'Monika'. It includes a circular profile picture of a woman, a green location pin icon, and text indicating she is a 'Registered' member who joined on 'December 20, 2016 9:50 am' with the title 'Trusted Member'. Below this is a row of five green stars, with the fifth star highlighted in a larger green box containing the number '5'. A navigation bar below the stars contains four tabs: 'Profile' (selected), 'Account', 'Activity', and 'Subscriptions'. The main content area is titled 'Member Activity' and displays a grid of eight statistics: 550 forum posts, 75 topics, 8 questions, 1 answers, 16 question comments, 39 liked, 54 received likes, and 5/10 rating. Below the activity section is a 'Member information' section, which is currently empty.

Activity	Count
forum posts	550
topics	75
questions	8
answers	1
question comments	16
liked	39
received likes	54
rating	5/10
blog posts	9
blog comments	156

In the profile home page you can see two sections:

- Member Activity Statistic
- Member Information

Member Activity Statistic

In this section you can find number of posts, questions, topics, comments posted by this user. As well as number of received and made likes. This section is under active development and it'll be improved with more activity data.

Member Information

This section displays member information inserted in My Profile > Account Page (only public information).

New Reply, Answer, Comment, Quote

The screenshot shows a forum interface. At the top, a blue header bar contains 'Last Post' on the left and 'RSS' with a feed icon on the right. Below the header, the post is by user 'Nowak', a 'Trusted Member' with three green stars, who joined 3 weeks ago and has 77 posts. The post content reads: 'I'd like to put a couple of lines of instructions about the commenting policy beside the form, is there a way to do this with wpDiscuz? It would be something like 'be respectful, stay on topic..'. Thanks'. The post is dated '04/06/2016 2:09 am'. At the bottom of the post, there is a row of action buttons: 'Reply' (with a curved arrow icon), 'Quote', 'Like', 'Report', 'Sticky', 'Close', 'Move', 'Edit', and 'Delete'. An orange box highlights the 'Reply' button, and an orange arrow points from a box labeled 'Click to Reply' to it.

Forum has different forum layouts we use three different terms for posts:

Reply – is the regular reply to topic posts or to other replies

Answer

Answer – is a reply to Question which supposed to contain an answer (Q&A forum layout).

Comment

The screenshot shows a forum interface. At the top is a blue header bar with 'Last Post' on the left and 'RSS' with a feed icon on the right. Below the header, on the left, is a vertical sidebar with an up arrow, the number '0', and a down arrow. The main content area has a light gray background. At the top right of this area, it says '8 months ago' with a link icon. The post text reads: 'Hello. In APSW Settings, says that : "Display user avatar". It is enabled but I don't know how to upload my photo. Thanks.' Below the text are two buttons: 'Answer' (with a pencil icon) and 'Add a comment' (with a speech bubble icon). The 'Add a comment' button is highlighted with a yellow border. An orange arrow points from a yellow box labeled 'Click to Comment' to the 'Add a comment' button. To the right of the buttons is a user profile card for 'Sandra Pike', a 'New Member' with '3 Posts', '1' question, '0' answer, and '2' comments. At the bottom of the post area is a row of action links: 'Report', 'Sticky', 'Close', 'Move', 'Edit', and 'Delete'.

I'd like to put a couple of lines of instructions about the commenting policy beside the form, is there a way to do this with wpDiscuz?

It would be something like 'be respectful, stay on topic..'

Thanks

Hello.

Im tryng to achieve a simple task, i have my settings this way:

<http://i.imgur.com/t83s5s2.png>

So on every comment there is the following layout:

<http://i.imgur.com/yuc1IWf.png>

Im not able to find any specific css class for this task and other one for negative results so i can achieve this. Does them exists?

Thanks

SolvedStickyCloseReportMoveDelete

We just released wpForo 1.1.1 minor version.

Main changes:

1. wpForo 1.1.1 is 100% compatible with WordPress 4.7

This is similar to Forum subscription. The only difference is in the Subscription buttons. You can find topic subscription button in topic page. Click on a topic title/link and find [Subscribe for new replies] link.

Subscribe for new replies

Another easy way to subscribe to own topic or to other topics is using Subscribe to this topic checkbox.

The like button is a feature in forums where the user can express that they like, enjoy or support certain post. Forum displays the number and name of users who liked each post. This is a quantitative alternative to other methods of expressing reaction to content, like writing a reply text. Rather than posting "+1" or "Agreed", users can use the Like button.

This is a regular like button, you can see that on regular forum layouts such as Extended and Simplified.

In case you need to change something in posted topic or reply you can use Edit button. This button is available for all posts and replies.

Regular forum users are not allowed to edit own topics and posts whenever they want. There are time-frames for this purpose.

Edit topic and post buttons are only available for Usergroups who have following permissions in granted forum access (by default all except guests):

- Can edit own topic
- Can edit own replay

RE: User uploading image showing

B *I* U ABC A             

Hi [doubleudragon](#),

[wpForo Beta-4](#) support image auto-embed. Just put image URL in post content it'll become image HTML:

http://wpforo.com/wp-content/uploads/2016/07/2016-07-15_1342.png

Attach file: No file selected.

Maximum allowed file size is 10 MB

WordPress default list of allowed file types for attachments:

jpg, jpeg, jpe, gif, png, bmp, tiff, tif, ico, asf, asx, wmv, wmx, wm, avi, divx, flv, mov, qt, mpeg, mpg, mpe, mp4, m4v, ogv, webm, mkv, 3gp, 3gpp, 3g2, 3gp2, txt, asc, c, cc, h, srt, csv, tsv, ics, rtx, css, htm, html, vtt, dfxp, mp3, m4a, m4b, ra, ram, wav, ogg, oga, mid, midi, wma, wax, mka, rtf, js, pdf, class, tar, zip, gz, gzip, rar, 7z, xcf, doc, pot, pps, ppt, wri, xla, xls, xlt, xlw, mdb, mpp, docx, docm, dotx, dotm, xlsx, xslm, xlsb, xltx, xltm, xlam, pptx, pptm, ppsx, ppsm, potx, potm, ppam, sldx, sldm, onetoc, onetoc2, onetmp, onepkg, oxps, xps, odt, odp, ods, odg, odc, odb, odf, wp, wpd, key, numbers, pages.

To include an image that is not uploaded as an attachment and is located on another website, you can do so by copying the full URL to the image, (not the page on which the image is located), and either in post content. This will be automatically replaced to an image.

Any questions?
