

Teaching innovations

Fast track and final application form

INGENIUM Annual Education Call 2026/2027 · Fast track and general call · version 0.0

One application covers the whole project. The lead applicant submits on behalf of all participating teams; partners do not submit separately.

1. Route and personal identification

1. Project title:

Answer:

2. Name of the lead applicant. *The lead applicant must hold a contract covering the implementation period.*

Answer:

3. Job title or position:

Answer:

4. Department or faculty:

Answer:

5. Name of the institution:

Answer:

6. Email address:

Answer:

7. Participating partners. *At least two INGENIUM partner universities are required. Add rows as needed.*

University	Partner coordinator	Role in the project

8. Stakeholders, students and other participants. *(Optional) Names or organisations, and their role. External stakeholder costs are considered case by case.*

Answer:

2. The experiment

9. What are you testing? *The practice, method, tool or approach, and the teaching context in which it will be tried.*

Answer:

10. What do you not yet know, and how will you find out? *State the question honestly and describe how the innovation will be evaluated, what evidence you will collect, from whom, and when. This carries the most weight under Quality.*

Answer:

11. Why does it need more than one university? *What the collaboration makes possible that one partner could not do alone, and how the partners will work together rather than in parallel.*

Answer:

12. Who benefits from this? *Students, staff, stakeholders or a combination. Give approximate numbers where you can.*

Answer:

3. Alignment

13. Direction of the INGENIUM Innovation in Education Strategy. *Tick all that apply, then explain the connection below.*

- ☐ **Student-centred education**
- ☐ **Excellent teaching**
- ☐ **Co-operation and co-creation**
- ☐ **AI and digitalisation in education**

14. How does the innovation advance that direction?

Answer:

15. Societal, labour-market or community relevance. *(Optional) Stakeholder involvement, associate partners, Knowledge Ecosystems, or a regional need.*

Answer:

16. Is the innovation linked to an existing or proposed part of the INGENIUM offer? *Tick all that apply and name it below.*

- ☐ **An INGENIUM Pathway Programme**
- ☐ **A joint or collaborative course**
- ☐ **A micro-credential or micro-course**
- ☐ **A Blended Intensive Programme**
- ☐ **A joint programme**
- ☐ **No direct link at this stage**

17. Name the linked initiative. *(If any)*

Answer:

4. Implementation

18. Proposed start and end dates or expected implementation period. *Maximum six months. Fast track: within February–July 2027. General call: within 2027/2028.*

Answer:

19. Implementation plan. *The main phases of the six-month window. Keep it to five lines or fewer.*

Period	Activity	Who leads

20. Possible risks and mitigation measures. *Such as: ethics approval, equipment, student recruitment, calendar differences between partners.*

Answer:

5. Outputs and dissemination

21. The written reflective account/report. *Who will write it, what form it will take, and whether you intend to publish it as an open educational resource or develop it into a formal publication. This is a firm requirement.*

Answer:

22. The closing webinar. *Proposed timing, within one month of the end of implementation. This is a firm requirement.*

Answer:

23. Other outputs. *(Optional) Toolkits, templates, prototypes, datasets, exhibitions, courses, recordings. State the languages in which material will be available.*

Answer:

24. Is the innovation intended as a first step towards something larger? *This counts under the Impact criterion. Tick all that apply.*

- ☐ **A micro-credential or micro-course**
- ☐ **A collaborative or joint course**
- ☐ **A Blended Intensive Programme**
- ☐ **A Course Catalogue contribution**
- ☐ **A Pathway component**
- ☐ **A training proposal for the Staff Academy**
- ☐ **Not at this stage**

6. Budget

25. Budget by partner. *Maximum EUR 5,000 per partner, EUR 20,000 in total. There is no minimum, and proposals requesting little or no funds are not disadvantaged.*

University	What the funds are for	Amount (EUR)

26. Justification. *A short explanation of the main items. A formal budget is not required at this stage.*

Answer:

7. Declarations

Please confirm:

- ☐ All members of the team hold a contract at their university covering the implementation period.
- ☐ My Head of Department or equivalent is aware of the project and of its workload and resource implications.
- ☐ I have consulted my INGENIUM local office on the institutional rules for the use of funds.
- ☐ The team commits to delivering the written reflective account and the closing webinar.
- ☐ No activity in this proposal is funded from Erasmus+ KA131 or from any other source that would result in double funding.
